## ***Preface to Solved Scanner***

---

It gives me immense pleasure to present Solved Scanner on “**Information Technology and Systems Audit**” for the students of CS Professional Programme.

The book has been strictly written in accordance with new syllabus prescribed for CS Professional Programme by the Institute of Company Secretaries of India.

I have tried to write the book in simple and lucid language for easy understanding by the students.

Information Technology is one of the fastest changing subjects. Each and every day technology is getting updated and upgraded. This is the reason why students should keep themselves updated with the latest changes taking place in the subject.

A glossary of important terms related to the subject has been added at the end of the book for the benefit of students.

Since IT is a new subject introduced in CS Course, some questions have been incorporated from CA examination so that the students can have a good understanding of the subject.

I am very grateful towards **Dr. Arun Kumar**, who has been a great teacher, philosopher, guide, well-wisher and source of inspiration to me.

I am very thankful to all the members of Shuchita family and specially CS Himanshu Srivastava, Ms. Arunima Shrivastava, Mr. Sameer Banerjee, Mr. Anubhav Srivastav, Mr. Anand Malviya, Mr. Sanjay Srivastava, and Mr. Krishna Kumar for their kind support.

I want to thank God, my father (Mr. P.S. Bahal), my mother (Mrs. Krishna Bahal), my wife (Mrs. Shilpi Bahal) and my daughters (Sumedha and Kamakshi) for their blessings, support and encouragement.

In the end, I hope that the book will be beneficial to the students of CS as well as other professional examinations and other users.

Comments and suggestions for further improvement of book shall be highly solicited.

**Regards**  
**CA Mohit Bahal**
