The English Connection

The English Connection is an integrated skills course, based on insightful experiences of practising teachers and ELT experts, as well as the transformation taking place in the classroom methodology keeping in view the changing linguistic and communicative needs of the learners.

Components

The series consists of:

- ✦ Primers A & B; Coursebooks 1 to 8
- ✦ Primer Activity Books A & B; Workbooks 1 to 8
- ✦ Literature Readers 1 to 8
- ✦ A Teacher's Resource Kit for each level

The twin goals of a second language curriculum as enunciated by NCF 2005 and the New Education Policy are attainment of basic proficiency and development of language into an instrument for abstract thought and knowledge acquisition. *The English Connection* fulfils these aims by harmonizing linguistic competence with Higher Order Thinking Skills (HOTS). The communicative approach for language teaching as followed by the CBSE textbooks at the secondary level has been adopted in this course, thus facilitating a smooth transition for both the learners and the teachers after class 8. Hence, when the course components of this series are effectively adopted in classrooms, there is no doubt that they will provide a rich interactive environment that is a prerequisite for language learning.
